H. F. Trowbridge Accidentally Shot

The cannery tender Union of the Pt. Ward Packing Co. brought in the body of Harold F. Trowbridge last Sunday from that place.

According to the testimony at the Coroners Inquest Harold F. Trowbridge and Wm. H. Bromley started out in a skiff for a little shooting and went ashore about 11:30. When they started for the timber Trowbridge started with two guns when Bromley stated that he had better leave one of them in the boat, Trowbridge turned back to put the rifle in the boat, Bromley continuing on towards the timber when he heard a shot and turned and saw Trowbridge struggling by the side of the boat. In some way the gun had been discharged as he placed it in the boat shooting him in the right side. He was placed in the skiff and taken out to the Union and brought in to town, dying on the way in, living about three hours after the accident. Trowbridge was engineer on the cannery boat Junior having come up from the Sound on her this spring.

The body was embalmed by the St. Michael Trading Co. being the first job of this kind ever attempted in Wrangell and was shipped south to his father

Mr. C. E. Trowbridge at Medford Ore. While Mr. Trowbridge has been in Alaska but a short time his fellow workmen and men who knew him have only the highest words of praise to say for him.

School Ends With This Week

This is the last week of school for the children of Wrangell as both the public and high school will close tomorrow. Those passing the eighth grade examination who will enter high school next term are: Carl Carlson, Wallace Sinclair, Olive LaBounty, Estella Thomas, Katherine Harvey and Elfrida Emery. Those finishing the second year of high school and finishing from the Wrangell Schools are Weston Dalgity, Talitha Ensley, Thor Hofstad, Louis Lemieux and Adolph Engstrom.

The President has issued an order reserving 230 acres of the Tongass National forest for the use of the Federal bureau of education and the Klawak Indians.

The freighter Delhi tore off her shoe in the harbor at Tokien last week. The big freighter was leaving the wharf loaded with marble when she scraped the bottom.

The Commercial Club of Ketchikan has adopted the slogan "Ketchikan - The Southern Gateway of the Awakening North."

Townsite Survey Is About Settled

The following letter in regard to the Townsite Survey was received the last week by the Wrangell Chamber of Commerce and by permission we print it. The letter speaks for itself.

Department of the Interior
General Land Office
Washington.

May 11, 1914

Mr. Paul F. Stanhope,
Sec. Chamber of Commerce,
Wrangell, Alaska.
My Dear Sir:

In response to your letter of April 17, 1914, you are advised that the claim of N. B. Whitfield for the survey of said townsite has been by departmental decision adjusted, by which Mr. Whitfield will receive about \$1,800 in addition to what has been paid him.

Arrangements are now being made for examination of the old survey and the re-survey, where necessary, of the lots in said townsite and for the appointment of a trustee.

Very respectfully,
C. M. BRUCE,
Assistant Commissioner.

Misses Eleanor Lynch and Anna Loftus arrived up from the South on the mornings boat.

Capt. Cole Kills Bear

One of the most interesting happenings of the West Coast during the past week according to reports was the fight and killing of the largest Black Bear ever seen on the West Coast by our old fellow townsman Capt. Roy Cole. According to the story Capt. Cole was out for a stroll and was attacked by a large mother bear which having a small cub was afraid of intrusion, and after a great fight Roy came out victor, killing the mother so the rumor says with a large knife, after killing the mother Capt. captured the cub which he sent in to Wrangell just to show his friends here that the story was the truth. The cub is now the property of J. R. Bender and Carl Stockel, they say that it is the greatest pet they ever saw and are thinking of naming it Roy in memory of the victor in the great fight for its capture.

Local Teachers On Vacation

The teachers of the local schools with the exception of Miss Bihler will spend their vacation away from Wrangell, Miss Dora Drowatzky, principal, will spend her summer at Tomah, Wis.; Miss Frances Calkins, Seattle; Miss Winifred Lovejoy, of the High School, at her home in Seattle, and Miss Bihler will spend the summer teaching a primary class here in Wrangell. The teachers

without an exception have proved very successful through the past term and their leaving is a matter of regret, but we hope to see them all back at their places at the beginning of the new term.

Copper Mountain Will Start Soon

The Copper Mountain Mine is being put in readiness for operation according to reports coming over on the Uncle Dan this week. Mrs. Whyman and a crew of men are already at the mine preparing to get it ready for work. The Copper City is one of the best known mines in the country and if this is put in operation, which now looks probable, it will mean a lot for the west Coast.

New Boat Ready For The Water

The new power sein boat being built at the Fletcher Boat Shop for Fred Wigg is nearing completion. The new boat is 48 feet long and 11 foot beam and will be powered with a 32 horse power N. & S. engine. The boat is one of the best sein boats that has been turned out here for many a day, and is expected to be in the water in the course of a couple of weeks.

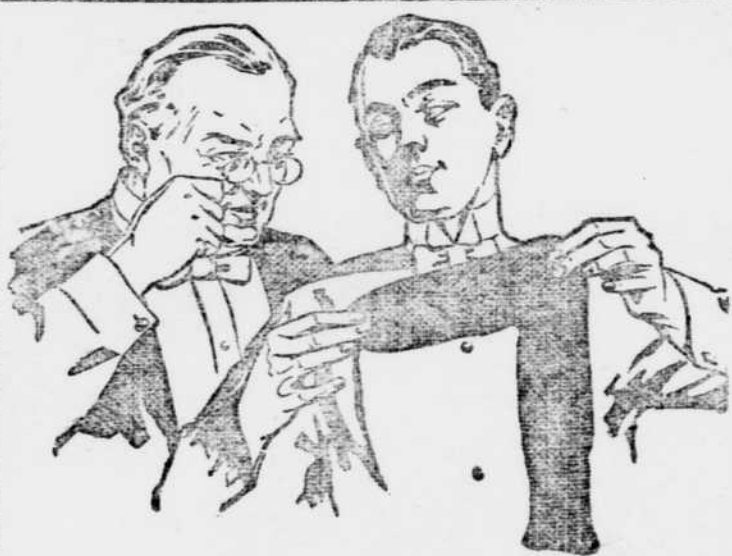

The ice in front of Fairbanks went out on the 11th of this month.

Jury Finds Woman Insane

Last Monday afternoon a Jury was drawn to look into the sanity of one Anna Dick an old native woman who was reported to the U. S. Commissioner as being out of her mind. The jury drawn investigated the matter thoroughly at the home of William S. Shakana in lower end of town. According to the testimony of Mr. Shakana they had been out near Deer Island trolling and that the women would leave the camp for days at a time going back in the hills and that she was fast getting worse, when asked a question she reported with a different answer. About Feb. 5th, at their camp on deer island the woman went into a fit, falling into the camelfire and setting a handkerchief which she had around her head afire and burned her face very bad, she was doctored as well as possible by the natives present and last week brought to town. The jury returned a verdict of "insanity" and the woman will be sent to Mt. Tabor.

O. Itowa, a Japanese, who killed Frank Dunn, a white man at the Dundas Bay cannery in July 1912, must hang for his crime as the United States supreme court dismissed his appeal.

LOCAL BRIEFS

M. F. Inman has been very low at his home during the past week.

The Karen, Capt. Johansen, left for the boundry. Rev. Corser will make the round trip.

Mayor Dr. Emery returned from a trip to the West Coast on the Uncle Dan this trip.

H. J. Palmer, Notary Public. Legal papers drawn. Office at St. Michael Trading Co.

Wm. Strong is looking for his new river boat up from the south at an early date. It is thought that the steamer is on the way up.

J. L. Gray, better known as Dolly Gray, manager of the Juneau Bottling Works is spending a few days in town.

W. Marriott, manager for J. Hyland at Telegraph, is waiting in town for the new river boat on which he will leave for that place.

The report comes in from Forrester Island that the trollers in that vicinity are getting very little fish. But is reported to be getting better.

Wm. Strong, Fred Bronson and Jim Troxel arrived in from the boundry last Tuesday. They report everything in firstclass shape there.

Jim Allen, forest ranger, came over from Petersburg yesterday to scale a boom of logs at the local sawmill. He was accompanied by Dr. Mathis.

Dr. Mathis is in town for a few days this week renewing old acquaintances. Dr. Mathis was formerly one of Wrangell's dentists, but is now located at Douglas.

If you want to see a garden that sure looks good take a walk down past the home of F. E. Smith. "Dad" is sure there, by the looks of those onions.

Mrs. M. Kildahl, of Petersburg, is a new resident of Wrangell for a few weeks, having rented the house of Ole Johnson where she will live while her husband is a fishing on the Stikine Flats.

Fred Bronson is building a small river boat at the boundry. The boat is 30 feet long with a 5 foot beam and will be powered with a 12 H. P. Fairbanks-Mores engine taken from the Sockeye.

Where is that party that said the other day that there were no pretty flowers in bloom in Wrangell? We want him to take a walk up past the home of Fred Willson, And a bachelor at that.

P. C. McCormack has one of the finest garden that he has seen for some time on his property on Stikine Ave. The property has been cleared and layed off in to a garden this spring and the way the stuff is beginning to show up leaves no doubt in our minds as to Peters gardening ability.

F. S. Barnes, Superintendent of the Lake Bay cannery came in on the Irene Barnes from that place last Monday. He reports the cannery getting ready for the seasons work.

J. R. Bender of the Wrangell Photoshow held a dance at that popular show house last Saturday night which was very well attended and that a good time was enjoyed by all goes without saying.

The Olympic Restaurant are sure in the field to get all those who are looking for a good feed and at a reasonable price. The price of meals at the Olympic have been reduced to 35cents.

The theme of the service Sunday evening at St. Philips Church will be "Knocking About to Find an Entrance Out" The subject of the story will be "Knocked About," and the sermon subject "The Entrance Out."

Mrs. Oscar Carlson and Mrs. J. Walsh journeyed over to Petersburg last Saturday to attend the celebration of the Sons of Norway. Both ladies report one of the best times ever and that the celebration was a grand success everyway.

The Standard Oil Company announce that they have made another reduction in their oils for sale at their station here in Wrangell. The price of Engine Distillate is 10c per gallon, Naptha 17c per gallon and Gasoline 18c per gallon.

The Alaska Chief the tender for the Shakan Cannery came in Tuesday from Shakan for the purpose of bringing in Capt. Duffy of the boat for medical treatment. Duffy is having considerable trouble with a bad hand the result of a smash last winter.

Rudolph Gutterbo, engineer of the Warm Chuck cannery of the Swift Company was a passenger over on the Uncle Dan on his way south for medical treatment. Mr. Gutterbo is suffering from an attack of apendicitis and will go south for an operation.

W. B. Langley the new bookkeeper for the Columbia and Northern Packing Co. arrived up on the City of Seattle yesterday from the headquarters of the company at Altoona, Wn. Mr. Langley reports that Manager Joseph of Company will arrive on the Princess May to-morrow.

Wm. Strong received a telegram yesterday from the new river steamer on the way up. The telegram stated that the boat was then at Pt. Simpson and would be here Friday or Saturday. The new steamer is a stern wheel river boat christened the Vedder, 87 feet long and has some ten first class state rooms.

C. F. Stagger, head Submarine Diver working on the wreck of the Curacao, arrived over on the Uncle Dan this trip. Mr. Stagger reports that the cargo is mostly out of the wrecked steamer, the forward bulkhead of the vessel is all pumped out and a messenger has been placed under the ship in preparing to raise her. About 100 tons of coal has been taken from the ship and about 800 tons is yet aboard. 15 cases of beer were taken from the forward hatch and the men state that they never tasted better in their life. 10 men are working on the wreck at present with two divers.

The river boat Winitred arrived down from up the river yesterday. She had a good load of bonded freight, part of which was \$7000 worth of furs going to Vancouver from J. Hyland at Telegraph. They report that the river is falling being only 4feet at the gauge in the canyon. Four passengers came down, J. M. Makenson, Walter Simpson and J. T. Filling.

Mrs. J. C. Ensley and children are passengers to Seattle on the Alki which went south yesterday. Some time ago Mr. Ensley left for Seattle where he has gone into the Auto Hire business, his family staying here until the close of school which being at they now leave for Seattle where they will make their future home. Wrangell is losing one of her old and esteemed families in the leaving of Mr. and Mrs. Ensley but we wish them all the success possible in their new home.

Throw a PEBBLE into a Pool and see what a circle it makes. Throw an ADVERTISEMENT into this paper and you will also be surprised at the result.

FREE

Resolution

WHEREAS God in His infinite wisdom has seen fit to call unto Himself the beloved wife of our esteemed brother, Asa A. Hollenbeck, from the scenes of her earthly labors to His Heavenly home above, and in view of the loss our brother and his daughter have sustained, be it

RESOLVED, that we, the members of WRANGELL LODGE No. 856, Loyal Order of Moose, deeply mourn the untimely death and feel keenly the loss sustained by those nearest and dearest to her, whose cheerful and helpful influence was the source of so much love, taking solace in the thought, however, that with the end of her earthly trials she has been called to the sweet and lasting reward above.

BE IT FURTHER RESOLVED, that we tender our sincerest and heart-felt sympathy to the afflicted Brother and his daughter Hazel and commend them for the consolation to Him who doeth all things well and whose chastisements are dealt with a loving hand.

Fred S. Johnston,
William A. Lucas,
John W. Sanford,
Committee.

Sexual Knowledge

ILLUSTRATED 320 PAGES

Tells all about sex matters, what young men and women, young wives and husbands and all others need to know about the sacred laws that govern the sex forces. Plain truths of sex life in relation to happiness in marriage. "Secrets" of manhood and womanhood; sexual abuses, social evil, diseases, etc.

The latest, most advanced and comprehensive work that has ever been issued on sexual hygiene. Priceless instruction for those who are ready for the true inner teaching.

This book tells nurses, teachers, doctors, lawyers, preachers, social workers, Sunday School teachers and all others, young and old, what all need to know about sex matters. By Winfield Scott Hall, Ph. D. M. D. (Leipzig)

Wm. Cook Passes Away

William Cook one of Wrangell's
oldest citizens passed away at five
minutes to twelve last night, May
20, 1914, after a lingering illness
of about two years. In the pass-
ing away of Mr. Cook, Wrangell
loses an old and esteemed citizen
a man that has seen Wrangell his-
tory made in the many years he
has lived among us. He was a
kind and considerate neighbor,
liked and respected by all who
knew him. The heartfelt sym-
pathy of the entire community goes
out to the bereaved ones in their sor-
row.

William Cook was born at
Brighton, England, May 15, 1841,
where his childhood was spent. At
the age of 16 he joined the British
Navy in which he served for ten
years and at the end of his term of
enlistment he came to America.
After spending a season working
on the steamers of the great lakes
he went to Rockford, Ill. where he
had an uncle living, and resided
there for several years. At Rock-
ford Mr. Cook was married to Miss
Ellen Goddard, a sweetheart of his
boyhood, who came over from Eng-
land to meet him there, the mar-
riage taking place in November
1872. In 1878 the couple being
childless, adopted Kate Batson
then six months old. Later they
moved to the Pacific Coast in an
effort to bring better health to Mrs.
Cook, and lived in the various
coast states for a few years, com-
ing to Alaska in the spring of 1897
when Mr. Cook made a trip in to
Teslin Lake, and in the fall re-
turned to Wrangell where they
have made their home continually
since, going into the laundry busi-
ness which was continued until the
death of Mrs. Cook on January 25
1908.

The Deceased is survived by a
sister, Mrs. John Sayers, living
at 605, N. 48 Street, West Phila-
delphia, and a brother John Cook,
of Charleston, Wash. and daughter
Mrs. George Kuse of Wrangell.
Deceased was a charter member of
of Sirius Lodge No. 323, A. F. &
A. M., being a Mason for some
forty years, also a charter mem-
ber of Stikine Tribe No. 5, Im-
proved Order of Red Men.

The funeral services will be held
in the Red Men's Hall, Rev. H.
P. Corser, officiating, at 10:30 A.
M. Friday morning. The services
at the grave will be conducted by
the Stikine Tribe, No. 5, I. O. R. M.
Several Committees have been
appointed by the Red Men to at-
tend to the funeral matters but
time forbids us stating them.

Editor Needham On New Paper

In the northern mail the first of
the week, we received Vol. 1, No. 1
of The Seward Tribune, with our
old friend and former editor of the
Sentinel T. R. Needham at the head.
The Tribune is a newsy little wek-
ly of six pages and a full pledged
Democratic organ. The first issue
of the Tribune contains a very com-
plete description of the various
business interests of the city to-
gether with a picture of the town.
With Mr. Needham one of the best
known newspaper men in the Ter-
ritory at the wheel of the new pub-
lication, the Tribune is an assured
success. And another step forward
for Seward, Alaska.

"The Dream" is the propo-
place to go when in Ketchikan.

New Tools At Machine Shop

The Wrangell Machine Shop has
installed during the past week one
of the finest tools that is possible
in their line of business, that being
an Oxy-Acetylene Welding Appa-
ratus. The machine is a dandy as was
demonstrated by Mr. Katzenmeyer
to the Editor last Saturday on a
broken piece of casting which he
welded together in first class shape
in an incredible short time. While
our apprenticeship in the Machine
Shop has never gone beyond enter-
ing the doors, we cannot help but
see the valuable uses that this new
apparatus can be put to, and the sav-
ing in both time and labor which
both mean money to all concerned.
The new apparatus is always ready
for business, and is just the thing
for welding cylinders, water jackets
axles, frames, crank shafts, gear
wheels, fly wheels, and heavy mach-
inery of all kinds; it will replace
teeth in gear wheels, broken seg-
ments and worn parts of all kinds.
One of the most remarkable fea-
tures of the new apparatus is the re-
markable heat it generates, and its
cutting and melting powers. Mess-
rs. Katzenmeyer and Gingrass have
always been at the top notch in get-
ting the best tools possible for han-
dling the machine work of this va-
cinity and the adding of the Weld-
ing Apparatus is their latest and
one of the best features and all go
to make it one of the best shops in
the country, and on top of that both
men know their business from a to
z so you can't go wrong by patron-
izing the Wrangell Machine Shop.

Committees For Memorial Day

A public meeting for the purpose
of making arrangements for Mem-
orial Day was held at the Town Hall
last Saturday evening. F. H. Gray
was elected Chairman of the meet-
ing, and H. J. Palmer, secretary.
The various committees appointed
were:

Committee on Arrangements,
Mrs. Willson.
J. E. Warden.
L. M. Churchill.
Judge Thomas.
Mrs. Woods.
Music Committee.
W. G. Thomas.
Wm. Taylor.
C. W. Albrecht.
Committee on Programs,
Miss Bihler.
Miss Taylor.
Mrs. Wheeler.
W. G. Thomas, chairman.
Transportation Committee.
G. H. Barnes.
Finance Committee.
F. H. Gray.
H. J. Palmer.

Get Prof. Edson's Latest Song

Items From Our Exchanges

The Senate has passed a bill ap-
propriating \$100,000 additional for
Alaska fisheries inspection vessels.

The Dodge Steamship Company
has taken over the business inter-
est of the new Portland Steamship
line.

The Mexican woman arrested at
Vera Cruz several days ago charged
with "sniping" American blue-jack-
ets and marines was found guilty by
the court-martial which tried her,
sentenced to six months' imprison-
ment--and released.

Her release was by General Fun-
ston's order. "I'm for any woman
with nerve enough to shoot for her
country", he said.

The lignitic coal reserves of the
Bonni field region, Alaska, are es-
timated by the United States Geol-
ogical Survey to be nearly 10,000-
000,000 tons which exceeds by nearly
3,000,000,000 tons the estimate
made a few years ago, on the infor-
mation then available, of the total
quantity of lignitic coal in the Ter-
ritory. The new estimates, which
are very moderate, indicate that the
quantity of coal available in the
Bonni field region is greater than
that of all the other surveyed fields
of the Territory.

When in Ketchikan spend an ev-
ening at the "The Dream," the
house that sets the PACE. All oth-
ers try to copy.
